

Maximize Your Memory with the Infiniium MXR

Get 1.6 Gpts of flexible memory for FREE when you purchase a new MXR oscilloscope!

As your requirements for capturing longer signals increase, so does your need for deeper memory. However, your scope does not always come with all the memory you need. For a limited time, you can get 1.6 Gpts of combined flexible memory¹ for FREE (a \$14,000 value) when you purchase a new Infiniium MXR oscilloscope!

With 1.6 Gpts of flexible memory, you will be able to capture signals over a longer period, without compromising sample rate. This capability ensures that you can make accurate measurements on slow signals—giving you confidence that you are not missing anything in your analysis.

You can save even more by combining the Maximize Your Memory promotion with a **Good, Better, Best Bundle** for an additional 25% in savings! Knowing what to order for your specific application can be daunting—that's why Keysight engineers crafted three powerful MXR bundles to give you everything you need to jumpstart your project.

Details

Start date: March 1, 2023

End date: September 30, 2023

Promo Code: 6.056

Availability: Worldwide

1. Combined flexible memory on the MXR shares 1.6 Gpts of memory between 4 channels. This means on a 4-channel model, you can have one channel with 1.6 Gpts, two channels with 800 Mpts, three channels with 533 Mpts memory, or 400 Mpts on four channels. This same logic applies to channels 5-8 on 8 channel models—resulting in two channels with 1.6 Gpts, four channels with 800 Mpts, six channels with 533 Mpts memory, or eight channels with 400 Mpts.

Promotion conditions

- Applies to new MXR oscilloscopes only.
- Qualifying MXR oscilloscope and free memory must be on the same purchase order.
- Reference promotion code 6.056 upon order placement.
- Promotion discount cannot be combined with other Keysight promotions.
- Lease orders or remarketed equipment are not eligible to receive promotion discount.
- Keysight Technologies reserves the right to modify or discontinue this offer during the promotional period.

Eligible Infiniium MXR models

- MXR054A
- MXR104A
- MXR204A
- MXR252A
- MXR404A
- MXR604A
- MXR058A
- MXR108A
- MXR208A
- MXR258A
- MXR408A
- MXR608A
